

Plane Leather Repair, Inc.

"Your mobile on-site aircraft interior experts."

We are a FAA approved Mobile Interior repair station. We have been offering our services for several years to many satisfied customers.

The unique opportunity we can offer you is our mobility. This enables you to have your interior work done at your facility, or in conjunction with schedule maintenance, thus reducing down time and the added expense of repositioning your aircraft.

Please feel free to contact us for a competitive estimate on your next interior needs.
